# GREEN

*Early spring is the perfect time for this Preschool Palette lesson plan.*

*Early Spring Landscape, Gari Melchers, c 1918*

- Begin by reading Green by Laura Vaccaro Seeger
- How many shades of green can you find in Gari Melchers' *Early Spring Landscape* painting?
- Go outside and see how many shapes of green leaves you can find.
- Next, using contact paper taped to a window, make a glue and mess free Green Sticky Collage with your collected leaves and any other green items on hand.
