

PRE-ACTIVITES

Poinsettia Print Project

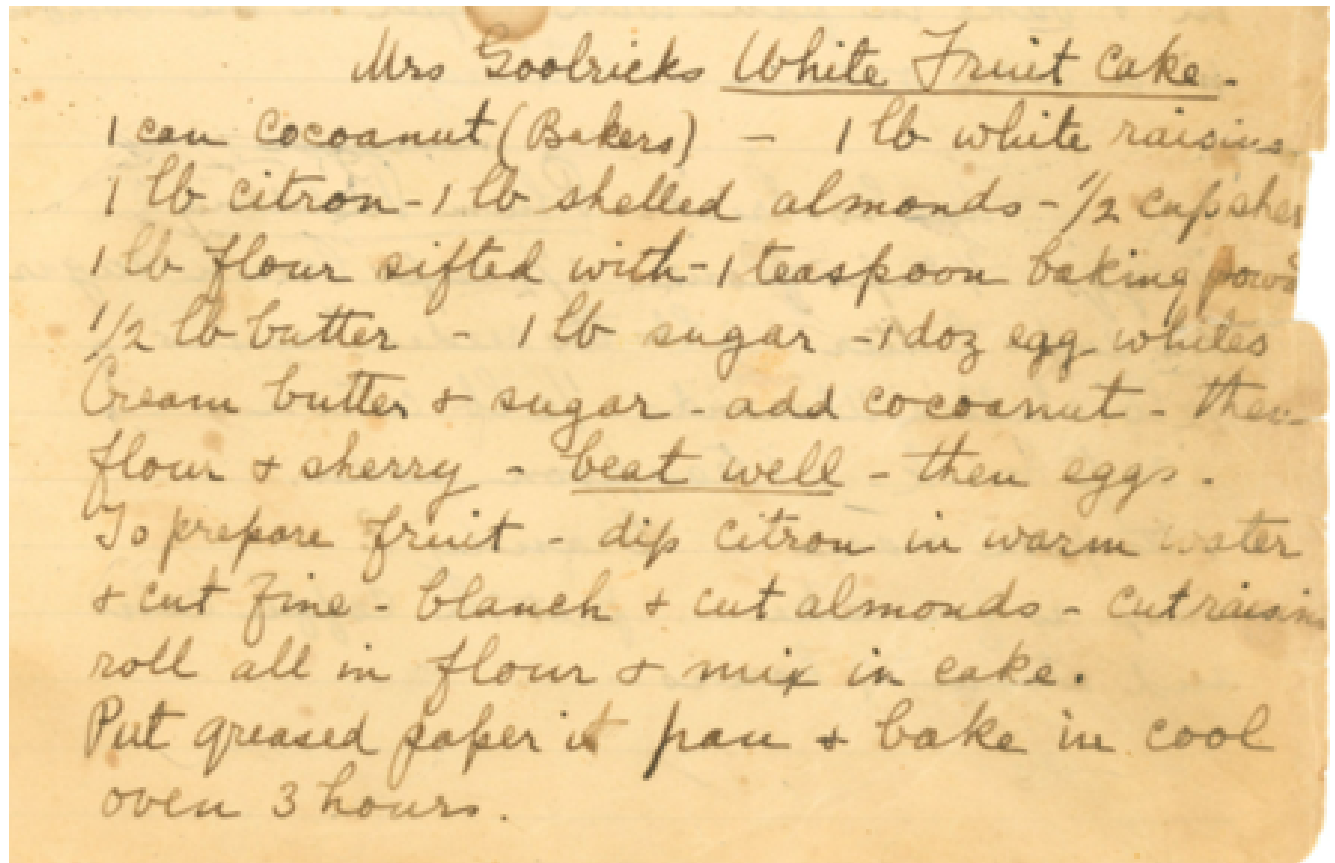

Supplies: tempera paint, a cotton swab, two kitchen sponges, paper (11x14 if possible), paintbrush

Instructions: Cut 2 sponges into petal shapes and dampen. Dip cotton swab into yellow paint and dot your flower centers on the paper. Add red and white paint to a tray, mix, press sponge into paint, and stamp petals around yellow clusters. Next, take second sponge, press into green paint, and stamp leaves.

Finally, use another color to paint the background. Feel free to experiment!
